**We think personal finance education is so important,  
we're paying people to learn.**

Everyone knows money doesn't grow on trees. At least they will if H&R Block has any say in it. By learning strong budgeting skills and fiscal discipline early, kids can gain the knowledge and confidence to manage their own financial future. Our free H&R Block Budget Challenge encourages students to learn personal finance in a fun, engaging way while competing against other classrooms and students for \$3 million in classroom grants and student scholarships.

**Money smarts + classroom grants + student scholarships = 1 challenge worth taking on**
