## NEWS YOU CAN USE...

**F**ort LeBoeuf High School in Erie, PA will be starting a new program in the 2013-2014 school year. This new "Center for Post-Secondary and Career Discovery" will consist of "six 'schools' for students interested in specific types of careers."

Students will be put into one of these six schools as a freshman, and each year their focus will become more specialized which will lead up to "job shadowing, apprenticeships, or internships." Read more about this exciting new concept here:
